Luna™ TECHNOLOGY

matter

Compatible via smart control module

Matter Over Thread combines two technologies—**Matter** and **Thread**—to enable seamless and reliable smart device connectivity in homes and buildings.

Matter: A universal smart home standard developed by the Connectivity Standards Alliance (CSA), ensuring interoperability between devices.

Key Features:

Interoperability: Devices work across platforms (e.g., Apple HomeKit, Google Home, Amazon Alexa).

Ease of Use: Simple setup and onboarding.

Security: Strong encryption and authentication.

IP-Based Communication: Reliable local and cloud connectivity.

Thread: A low-power, wireless mesh networking protocol designed for IoT devices.

Key Features:

Energy Efficiency: Great for battery-powered devices. Unlike traditional wireless systems like Wi-Fi, Thread is a mesh network, meaning devices communicate directly with one another without relying on a central hub.

Reliability: Mesh network avoids single points of failure.

Scalability: Handles many devices without performance issues

alexa

Works with Apple Home

SmartThings

works with Google Home

Luna™ GLIDE

CURTAIN TRACK MOTOR

Versatile Installation:

Luna Glide Suits K51 Square, K58 Vogue, and Vogue 35 Tracks.

Bended Track:

Able to track along bent tracks.

Intuitive Touch Control:

Experience ultra-responsive operation at your fingertips.

Safe Magnetic Charging:

Enjoy long-lasting use (9-12 months) with just a 6-hour recharge.

Compact Design:

Recommended 60mm wheel carrier spacing , for seamless operation.

Track Care:

No silicon spray/lubricant required. For optimal performance, clean tracks with wet wipes.

Robust Capacity:

Reliably supports up to 12Kg of fabric.

Smart Home Ready:

Fully compatible with Wi-Fi and voice control via matter.

Luna™ ROLL

TUBULAR MOTOR

Versatile installation:

4 different crown/wheel drive options, allow for most tube types to be used with the tubular motor.

28mm Tubular Motor:

The minimum size the 28mm tubular motor can fit into is a 500mm wide blind.

Pull cord mechanism:

Optional chain pull operation.

Safe magnetic charging:

Enjoy long lasting use (9-12 months) with just a 6-hour recharge.

The quietest motor in Australia:

Our 32mm Ultra tubular motor can carry up to 15sqm, while not making a sound.

Smart home ready:

Fully compatible with Wi-Fi and voice control via matter.
